\*If working a cash register at an event, please remember that a copy of the credit card receipt needs to be placed in the cash register for our records.

\*Stacy Dressen thanked everyone for all of the food that was donated during the holiday party. She said that it will keep the cupboards full for a while.

\*R Dale wanted to give a huge thanks to everyone that worked Tuesday night during the concert. He said that everything went smoothly and everyone worked really hard and there were 0 no shows. Way to go team!

Our Youth of the Year speakers this morning spoke on topics from Morality to leadership. They spoke of putting on a march to make schools safer, to comparing life to pictures and how different angles and views can alter whether it is light or dark. I don't know how many remember their high school days, but I can remember that thoughts and actions like this were not on my to do list. We will see what the students next week have in store for us.

Have a safe weekend!
