

BECON 7/12/19

John Eastman provided a great invocation this morning and will be covering them for the month of July. Rene' is looking for volunteers for the rest of the year. If you can help out, please contact her.

This morning we had Sam from the Metra showing us the new "Point of Sale" registers that will be used at upcoming events beginning with the Rob Zombie/Marilyn Manson concert on July 25.

This new register system will be cloud based, which will give the Metra better access to past reports and keep will be easier to install upgrades. The new system will be a tablet for ordering with a credit card swipe and/or chip reader. Depending on the \$ limit set by us, the customer will either sign on the pad by us flipping the tablet over for them to sign or no signature will be required. At the outset on July 25, there will be kiosks set up outside the METRA concessions allowing customers to order ahead and then simply pickup their order at a designated window, like the system in use at Costco. Information on more in depth training will be forthcoming.

Tanya Doke is now Tanya Tweten. Congratulations on your marriage!!!!
