

# BECON

7/1/2026

Just because there is no breakfast on Friday, doesn't mean the BECON committee rests.

Not a lot of announcements – shocking I know, but here goes!

The Patriotism Committee, along with members of the Special & Capable, members of HUB International and just some friends, met up last night at Par 3 and put up the Spirit of Freedom Field.

There is still time to purchase a flag for dedication, so in your conversations over the week and weekend, mention the field.

Also, we have a list of several veterans in our club, but we are probably missing some. We would like to put your name up on a flag to fly over the weekend. If you are a veteran, please supply the following:

Name (great start don't you think)  
Branch of Service  
Rank  
War/Conflict  
Honors/Medals  
When you were born

If you would get that information to me, our committee would appreciate it!

Tear down of the field will be Monday at 4pm, we would love any and all help. The tear down is a little harder than putting the field up.

## Upcoming Volunteer Opportunities

Breakfast will be back and live next week. Have a wonderful 4<sup>th</sup> of July Holiday!
